

Law & Regs

Regulation 113 Outdoor space – natural environment.

The approved provider ... must ensure that the outdoor spaces ... allow children to explore and experience the natural environment. Example: The use of

natural features such as trees, sand and natural vegetation. Note: A compliance direction may be issued for failure to comply with this regulation.

Regulation 114 Outdoor space – shade

The approved provider ... must ensure that outdoor spaces ... include adequate shaded areas to protect children from overexposure to ultraviolet radiation from the sun. **Penalty: \$1000.**

There are **things** that you need to do with your service and educators.

- (1) Review the points from the Law and make yourself familiar with them. Conduct the compliance test with your educators to check their knowledge.
- (2) Add to your folder the daily planner so you can document and show the assessor how you are working with educators. Use documents provided in this section.
- (3) Guide your educators to ensure they are at the meeting level, use the examples in the educators' section and the checklist to help you know exactly what is required.
- (4) Explore the exceeding themes with the examples in the educators' section and your section for critical reflection and families and communities.
- (5) Work with your Nominated Supervisor and edit the QIP (SAT for NSW) template provided by Centre Support to ensure it is reflecting your service's practices.

3.2.1

Inclusive environment

Outdoor and indoor spaces are organised and adapted to support every child's participation and to engage every child in quality experiences in both built and natural environments.

Section 8. Role of the Educational Leader (Educational Leader)
Detailed guidelines for the Educational Leader.

Instructions: Nominated Supervisor is to conduct the test. Ask one educator at a time in a location that other educators cannot hear or provide support to the educators being asked the question. Record the responses then analyse to see if the educators' responses would place you at risk of a fine. Finally, train the educators that fail to meet the regulations.

Miss Maggie asks what the Regs say about children's learning in outdoor spaces. Please respond.	Reg 113 says outdoor spaces must include natural features that children can explore eg trees, sand and natural vegetation.	
Mr Andrew says the Regs also talk about shade. Is he correct?	Yes – Reg 114 says there must be sufficient shade outside to protect children from UV radiation. Educators are responsible for ensuring learning activities comply with sun safe practices (in Physical Environment Policy) eg use of shade when UV levels 3 or above.	
Miss Alison asks if element 3.2.1 inclusive environments is just about meeting the needs of children with additional needs. Is it?	No. The Guide for Element 3.2.1 talks about organising and adapting indoor and outdoor spaces to support <i>each child's interests, preferences, self-confidence and participation.</i>
